## Welcome to Charlotte!

On behalf of CCI Media and the Woodworking Network, thanks for attending the co-located Cabinets & Closets Conference & Expo/ Wood Pro Expo Charlotte. It's good to be back in one of the hotbeds for the cabinets and closets industries! Our theme this year, "Where design meets technology," describes what we believe is the intersection of the two fundamental elements necessary for success in today's fast-paced environment. Our goal is to provide you with the latest information on technology and design trends to improve your chances for success.

You will hear from topnotch keynote presenters to begin each day:

David Linda, founder and former president of SpaceMan Home & Office, kicks off day one with the opening keynote March 6. All of day one is devoted to education and networking. Speaking on "How I Launched a Closets Business and Retired Early," David will offer hands-on, how-to advice based on his years of experience in building Houston-based SpaceMan into a leading closet and home organization company.

The full day of education is capped with a tour of nearby Carocraft Cabinets, a leading custom architectural millwork firm, followed by a reception at the headquarters of tour sponsor, Biesse America.

On day two, Internet expert Brian Kraff, CEO of Market Hardware Inc., will deliver the morning keynote March 7, as a prelude to the opening of the two-day expo. Kraff's presentation, "5 Lead-Magnet Ideas to Supercharge Your 2019 Web Marketing Strategy," will provide a high-level view of proven website promotional techniques, drawn from the real-world experiences of small businesses involved in the home remodeling market, including closets, kitchen cabinetry, and finish carpentry.

Don't miss The Top Shelf Design Awards reception, sponsored by JB Cutting, CCF Industries and KCD Software, to be held 5:30 to 8:00 p.m. also on March 7, in the NASCAR Hall of Fame Museum, located steps from the Charlotte Convention Center. We will also honor the Top Choice Award winners, which is a salute to the most popular products exhibited on the trade show floor.

Whether you are in the process of launching a woodworking business, or you have been in business for a while, you won't want to miss FDMC Editor and renowned speaker Will Sampson who will address key subjects for business success in woodworking March 8 with his keynote address, "The Path to Professionalism." Sampson will share what he has learned from visiting hundreds of shops across North America in Friday morning's keynote, which is sponsored by Quis Machinery.

Another must-see on Friday, March 8 at 11:00 a.m., is the announcement of finalists and winners of the Young Wood Pro Competition, recognizing outstanding projects and the woodworkers that create them. Sponsor Genesis Products will present a check for \$500 to the winner. Be at Woodworking Network booth #130 to witness the creative genius of the industry's next generation.

Of course, these events would not be possible without the support of our more than 100 exhibitors. We thank them for making this year's show a phenomenal success. Be sure to take in the latest in woodworking machinery technology and software, cabinet and closet focused materials, supplies and hardware. Our exhibitors are eager to meet you and they'll make your visit worthwhile.

Finally, I look forward to meeting you personally and welcome any feedback you can provide to make future events even better. Thanks for joining us!
